CHARLOTTE'S BEDROOM (right & opposite) Raspberry and white make a delicious palette for a little girl's room, with the space dominated by a bold shag-pile rug from Bayliss Rugs and a candy-striped bedhead from Heatherly Design ([www.heatherlydesign.com.au](http://www.heatherlydesign.com.au)). Tucked under the floating shelves is a replica Ross Lovegrove 'Supernatural' chair from Matt Blatt. Sweet little framed pictures by Pip & Maude adorn one wall, while another features a whimsical decal of two lovebirds by Flatbird. Nic's passion for recycled goods is evident in a rescued second-hand chair by the door, on which rests a Maiike softie and a Morgan Wills scarf – both made from repurposed woollen jumpers. >
