COVET

Beach house

It's high tide for down-home style with an upmarket edge, writes **Nicole Bittar**.

COASTAL retreats are the real McCoy in interior allure. Who needs minimalism when sandy toes are de rigueur? Old-salt style in this Victoriana-style side table for beach shack chic meets new-wave magic in the award-winning Summer Cloud sun-lounger by Dedon at Domo Collections (domo.com.au).

Nautical accessories from Elm Place Homewares (elmplacehomewares.com.au) continue the seaside theme. A few well-placed scatter cushions with reef motif and a beautifully dressed bed to climb into at the end of a sun-kissed day are the makings of holiday bliss.
